

Dmitry Letov
Frontend developer

PDF CV

I'm a **Frontend Developer with more than 3 years of experience** building scalable and high-performance web applications. Proficient in **Vue 3, React, TypeScript**, and modern frontend technologies. Passionate about UI/UX design, with hands-on experience in **Figma**. Strong technical writing skills from previous engineering experience. Adept at collaborating with teams and continuously learning new technologies.

🔧 Tech stack

- **Frontend:** Vue 3, React, TypeScript, JavaScript, HTML, CSS/SCSS, Tailwind CSS
- **State Management:** Pinia, Zustand
- **Build Tools:** Vite, Webpack
- **Version Control & CI/CD:** GitLab, Docker
- **Other:** REST API (Axios), OpenLayers, Leaflet.js, Canvas API, Figma
- **Languages:** Russian (Native), English (Upper intermediate)

Work experience

Frontend developer | OM Solutions | 2022 - present

- As part of a frontend team, **developed a complex application** for data collection, analytics, and geospatial visualization with advanced mapping and tabular interfaces. Implemented extensive unit tests to guarantee reliability and maintainability of components. Contributed to architecture decisions, code reviews, and UI consistency across the application.
Tech: Vue 3 (Composition API), TypeScript, Pinia, Vue Router, Vite, Axios, Tailwind CSS, OpenLayers, Vitest, ESLint, Docker, GitLab
- **Built an application** for organizing production workflows with image processing and ML-driven calculations. Implemented custom UI components, collaborated with backend engineers and designers, and prepared user guides and installation documentation.
Tech: Vue 3, Vue Router, REST API, Canvas API, SCSS, GitLab, Docker, Figma
- **Contributed to a live broadcasting platform** with interactive mapping features using Leaflet.js.
Tech: Vue 3, Vuex, REST API, GitLab, Docker, Figma

Education

Master's degree | MPEI | 2013 - 2019
